FACTS:

Each year the State of Missouri Department of Transportation routinely releases grant funds to municipal governments to fund special traffic enforcement details and equipment.

As in previous years, the Branson Police Department is wanting to apply for \$7,000.00 in funding from the Missouri Department of Transportation to conduct Driving while Intoxicated (D.W.I.) saturation patrols throughout the City. If awarded this grant it would cover officers' overtime pay and additional equipment to conduct these special enforcement campaigns throughout the year. This grant funding provides the department the ability to staff additional officers to focus on D.W.I. traffic enforcement.
