14  
15 **WHEREAS**, the Board of Aldermen is authorized by Section 79.110 of the Revised Statutes of  
16 Missouri to enact ordinances expedient for the good government of the City of Branson and to  
17 benefit the trade, commerce, and health of the Branson residents; and  
18

19 **WHEREAS**, the Board of Aldermen is authorized by Section 79.450, RSMo. to make all  
20 ordinances, not inconsistent with the laws of the state, expedient for maintaining the peace, good  
21 government, and welfare of the City and its trade and commerce; and  
22

23 **WHEREAS**, the Board of Aldermen want to allow short-term rentals to operate in the City in a  
24 manner that will be consistent with public health and safety and Code compliance; and  
25

26 **WHEREAS**, the Board of Aldermen also want to change our Building Code, Chapter 18, to  
27 effectuate the newly created exemption allowing existing detached one-family homes, detached  
28 two-family homes, and townhouses to convert to short term rental without requiring the installation  
29 of Automatic Sprinkler Systems and Fire Alarm Systems; and  
30

31 **WHEREAS**, the Board of Aldermen desires to allow existing detached one-family homes,  
32 detached two-family homes, and townhouses to change to International Fire Code R-1 use group  
33 without requiring the installation of Automatic Sprinkler Systems and Fire Alarm Systems as  
34 provided in the International Fire Code; and  
35

36 **WHEREAS**, the Board of Aldermen passed Bill No. 6466, Ordinance No. 2024-0066 on July 23,  
37 2024; and  
38

39 **WHEREAS**, the Board of Aldermen have determined Chapter 18 should be amended to reflect  
40 the change to the International Fire Code; and  
41

42 **WHEREAS**, the Board of Aldermen have determined Chapter 42 should be amended to remove  
43 the parking information requirement from the adopted modification to the International Fire Code;  
44 and  
45

46 **WHEREAS**, the Board of Aldermen have determined Chapter 90 should be amended to correct  
47 the term nightly rental to reflect the new term of short-term rental.  
48

Section 4: That Chapter 90, *Utilities*; Article III. – *Sewers and Sewage Disposal*; Sec. 90-81. *System connection charges*; of the Branson Municipal Code is hereby amended to include the following:

**Section 90-81 System connection charges.**

A system connection charge (SCC) is a charge assessed to a customer as outlined in the city fee schedule for use of capacity in the city water or sewer system. All required system connection charges as described in the city fee schedule shall be based on the water meter size serving the property and the customer classification. Non-typical meter sizes not included in any classification shall be charged a system connection charge calculated for water or sewer using a weighting factor as provided in the city fee schedule.

(1) *Use, recording and deposit of funds.* Funds collected in accordance with this section shall only be used for the specific purpose of water or sewer infrastructure construction, upgrades and expansions. The balance of funds shall be invested in accordance with state law to earn the maximum allowable interest.

(2) *System connection charges assessed.* System connection charges for water or sewer shall be assessed when:

- a. A new property connection is made to city water or sewer;
- b. A property previously connected to city water or sewer requires an additional or larger water meter than previously required to accommodate demand; or
- c. Use on a property previously connected to city water or sewer is changed to a higher classification requiring a higher system connection charge. Properties converting from residential to a ~~nightly~~ **short-term** rental will not be charged a new connection fee.

(3) *Credits for properties with existing water or sewer service.* Credits shall be provided as follows:

- a. Properties with existing city water or sewer connections will be provided a system connection charge credit based on the size of the existing water meter serving the property and the customer classification as described in this section or for an amount paid for a prior sewer capacity fee, whichever is greater.
- b. The credit described in subsection (3) a of this section shall be subtracted from system connection charges assessed if an existing water meter is replaced with a larger size meter for a property previously connected to city water or sewer or if the use on a property previously connected to city water or sewer is changed to a higher classification requiring a higher system connection charge.
