### **FACTS:**

Ring Property Company has requested the Board of Aldermen's support for a housing development, to be called Fall Creek Ridge, within the vacant property located along South Falls Ave., east of Doyle Ct., and north of Fall Creek Rd. The proposed housing development will consist of two three-story apartment buildings and a community building, totaling 48 housing units. The units will provide housing for low to moderate income residents age 18 years and older. The property is currently zoned Mixed-Use which allows for multi-family/apartment uses.

In addition, Ring Property Company has filed a housing tax credit application with the Missouri Housing Development Commission (MHDC) seeking approval for the Fall Creek Ridge development. A representative for this request will provide a presentation, which will include more details, and will be available for questions and any clarification.

This resolution will formally indicate the support of the City of Branson for this project, and it will be used in future funding applications, but it will not provide approval of any other governmental action related to the proposed project (land disturbance permit, building permit, etc.).
