FACTS:

The City has negotiated an agreement with Thorp Creek LLC., for our officers to have access and use of their shooting facilities. Branson Police Officers are required to maintain a high level of marksmanship and this agreement helps to facilitate that.

The facility is larger than the current location the officers use and this is useful for long distance training. Additionally, this allows the officers to have more shooting time and time that is more flexible based on their work schedules.

The contract is for a ten year agreement for \$25,000.00, with the option of renewal after ten years.
