FACTS:

During the April 26, 2022 Board of Aldermen Meeting the Board appointed Billy Ong to fill the unexpired term of Jamie Whiteis on the 76 Entertainment CID Board until March 2026. This appointment should have been made to expire March 2024 instead. The oversight has been discovered and now needs to be corrected for the record and to keep the terms staggered as determined at the time the CID was established.

Staff is requesting a motion correcting Billy Ong's term to expire March 2024. This will keep the terms staggered as originally set forth in the CID Petition and gets all terms back on track.
